Members, their wives, and friends as well as several town officials and candidates for town offices at the coming election gathered at the Brackett School hall Monday evening for the annual meeting of the Arlington Heights Improvement Association.

Following a business meeting during which President William P. Shine and other officers as well as committee chairmen presented reports on the past year's activities, the gathering heard a talk by Rep. Nelson B. Crosby on the legislative problems, and enjoyed five acts of vaudeville by a Federal Theatre unit under the direction of Tom D. Senn. Refreshments were served at the close of the program.

President Shine was loud in his praise of the officers and directors whose work made last year most successful. He praised the ladies for their work in connection with the second successful garden party. The secretary reported eighteen meetings held during the past year. Treasurer Guy Edwards reported a balance of \$156.63 in the treasury. Vice president Johnson reported for the finance committee and Joseph Beany reported for the town affairs committee. George A. Har-

ris, publicity chairman, read headlines from local newspapers showing the publicity given the association during the past year. George Downs reported for the membership committee. Mr. Harris also reported for the entertainment committee.

Attorney Martin Durkin reviewed the history of the organization and cited some of its achievements including better bus service, road repairs, improvement of health conditions in the district and the association's support of the Community Chest.

He concluded: "Every member should look upon membership in this association as an investment to make Arlington the best place in the State in which to live and Arlington Heights the best district in the town."

President Honored  
Attorney Durkin called for a rising vote of thanks to President Shine for his work since the organization was launched. Thirty seconds of silence was called by the president in tribute to members who passed away during the year just ended.

## Hospital Addition Is Completed

A report on the recently completed five story addition to the nurses' home at the Symmes Hospital will be a feature of the annual meeting of the corporation on Monday, January 23.

Construction of the much needed addition to provide adequate quarters for the increasing staff of nurses was a most ambitious program in charge of the building committee comprising Frederick W. Hill, chairman; Harold M. Estabrook and Howard M. Cousins.

The contractor for the new building, costing close to \$70,000 was the Arlington Construction company, and the addition was designed by the same firm of architects which designed the nurses' home. The new addition has twenty-five rooms for nurses as well as a modern teaching unit. The exterior is of brick to match the original nurses' home.

## Town Borrows At Record Low

Arlington borrowed the sum of \$400,000 in anticipation of revenue this week at a record low rate of interest. Notes for that amount were dated January 13 and will be payable to the Second National Bank on November 6 of this year at an interest rate of .12 per cent plus a three dollar premium.

The Second National's bid was the lowest with the National Shawmut bid of .14 per cent as the next lowest.

The money was borrowed on Monday by Town Treasurer Charles A. Hardy. The rate of interest was the same as paid by the city of Worcester, on a similar loan, the same day. Worcester's credit is considered unusually high among cities.

## TAXPAYERS URGE ECONOMY

Citing increased costs of government over which Arlington has no control, the Arlington Taxpayers' association at a meeting Monday evening adopted a resolution urging strict economy in town government. The resolution follows:

WHEREAS the following items will each and every one materially increase the charges against the Town of Arlington over which as individual Town Officials or as Citizens thereof we have no control:

I. Arlington's share of the 1938 State Tax deficit must be paid in 1939 amounting to approximately \$81,000, less the Highway fund allocation.

II. The Governor predicts a 1939 State Tax in excess of \$25,000,000, which will mean an extra \$110,000, or more for Arlington to pay above the 1937 high point.

III. Arlington must pay all of the \$45,000, in 1939 for local hurricane damage borrowed in 1938.

IV. Continued work on the new Metropolitan Water Reservoir and aqueducts and the extension to the North Metropolitan sewer will unquestionably increase the 1939 Metropolitan Tax.

V. Numerous Legislative Bills have been filed for extensions of the Metropolitan Highways and Parks and for the use of the State Highway Fund money for aid for certain highways and tunnels, any of which if passed will affect Arlington either by an increased Metropolitan Tax or a reduction of Highway funds for allocation, or both.

VI. The Elevated deficit will be greater than the 1937 peak.

VII. The transfer of W. P. A. workers to the "Old Age Assistance" and "Aid for Dependent Children" classifications will increase the needed amount of appropriation by Arlington for both of these.

Therefore be it RESOLVED that the Arlington Taxpayers' Association respectfully urges that rigid economy be practiced by each and every Department and Official in the Town without the impairment of any really essential service.

It is also further RESOLVED that all Departments, Officials and Citizens of the Town be urged and requested to refrain from asking for any "Capital Outlay" items; i. e. extensions, improvements, construction; unless such outlay is absolutely essential of itself or is a part of a definite planned work-relief program.

Passed by a unanimous vote of the Directors of the Arlington Taxpayers' Association, Monday, Jan. 9, 1939.

VOTED that copies of this RESOLUTION be sent to all Town Officials and to the Press in order that all may cooperate and assist in keeping a certainly increased 1939 Tax Rate as little increased as possible.

A true copy

G. BERTRAM WASHBURN, Exec. Sec.

### Unlucky For Him

That stretch of Massachusetts ave. between Academy st. and Bartlett are, seems to be unlucky for Michael Rosa, of 52 Rawson rd., Lexington. Shortly after six o'clock yesterday morning, the oil truck which he was driving crashed into an elevated pole a few feet away. Rosa suffered slight injury to his head and both poles as well as the truck were damaged. A large quantity of fuel oil leaked from the truck onto the street.

At just about the same hour of the day, on December 31, a truck operated by Rosa was involved in a fatal accident near Academy st., a few hundred yards from yesterday's crash.

The first of a series of Universalist mass meetings under the auspices of the state convention will be held at the Cambridgeport office on Inman street, starting at 7:15 p. m. Dr. Robert Cummins, General Superintendent will address each of these rallies.

A tea will bring to a close the annual meeting of the Samaritan Society in the parish hall next Monday afternoon.

Although the warrant for the annual meeting of the First Universalist Society sets the date at January 19 in accordance with the by-laws the transaction of all business will take place at an adjourned meeting on Wednesday, January 25. **Cruise Story Told Woman's Club**

A well attended meeting of the Arlington Woman's club was held on Thursday, January 5, in Robbins Memorial town hall. Mrs. Fred U. Wyman, vice president, presided in the absence of the president, Mrs. L. E. A. Smith, who was ill. Mrs. Wyman extended Mrs. Smith's greeting for a Happy New Year.

The names of proposed new members were read by Mrs. Philip H. Burt, chairman of the membership committee. Mrs. Americo Chaves, chairman of the motion pictures committee, spoke a few words on the advisability of every member keeping carefully watch over the pictures shown at local theatres in order that they may be of a type suitable for adolescent and juvenile. At this meeting the schedule of courses available at the Arlington Community evening classes in adult education, sponsored by the Woman's Club through the education committee, Mrs. N. Norcross Stratton, chairman, was announced. These courses, which offer a variety of subjects, will be held at the Arlington high school every Monday and Thursday evening at 7:30 beginning January 23, for six weeks.

The speaker was Captain Irving Johnson, who was introduced by Mrs. Fred U. Wyman as chairman of the program committee. Captain Johnson's subject was "Around Again in the Yankee" and is the thrilling story of a round-the-world cruise for fun in a 92 foot schooner. Captain Johnson is a most interesting story teller and the accompanying colored movies were marvelous. This cruise, which started Nov. 1, 1936, lasted for fifteen months, during which time 35,000 miles were covered. In addition to Captain Johnson, his wife and little son, the "family" consisted of two young women and eleven young men. From Gloucester, Mass., the "Yankee" sailed down the Atlantic coast, across the Caribbean Sea and through the Panama Canal out onto the Pacific Ocean, down across the Equator and onward touching at the Galapagos Islands, Pitcairn Island of "Bounty" fame, Easter Island and other South Sea Islands and on to Africa and thence across the South Atlantic to South America and back to Gloucester.

Entering into the spirit of the cruise the club members rode the "Yankee" through rough seas, saw the jib blown to ribbons, were becalmed in the doldrums, fished from the rail of the schooner, helped the crew capture 400 lb turtles, climbed live volcanoes, talked and traded by means of sign language with cannibals and head hunters, penetrated the jungle, viewed some unusual animals at close range, watched the natives dance, and enjoyed close-ups of some of the beautiful tropical flowers.

The several views of the "Yankee" with her towering white sails outlined against the vivid colors of sky, sea or landscape, were truly impressive. It was most interesting to follow the growth of Captain Johnson's baby boy, who was a babe in arms at the beginning of the cruise, but who was able to walk the deck in the roughest weather and climb the ropes as well as any other member before the end of the journey.

A cruise around the world in the "Yankee", with Captain Johnson at the helm, is thrilling and an thrilling adventure, even in pictures.

**FIRST BAPTIST C. E.**

### A PLEA FOR ECONOMY

Facing ever-increasing costs of government, we feel certain that the citizens of Arlington are wholeheartedly in accord with the resolution adopted by the directors of the Arlington Taxpayers' association on Monday evening urging that rigid economy be practiced by every department in the Town during the year 1939.

The resolution is not aimed at any particular town official or any particular department. In fact, citizens as well as town authorities are included in the request of the Taxpayers' group urging all to refrain from asking for any capital outlay items unless such outlays are absolutely essential or are part of a definitely planned work-relief program. Consequently there is absolutely no excuse whatsoever for anyone to take offense at the resolution. It is a reminder to every one interested in Arlington's welfare that expenditures which we, in Arlington, can control must be kept at a minimum.

The Taxpayers' association cites seven very good reasons why Arlington should do everything in its power to keep local government expenditures within reason. Whether we like it or not, we must, according to law, share in the payment of certain State assessments over which the community has little or no control. In addition, Arlington must pay, this year, the sum of \$45,000 which was borrowed to repair damage done by last September's hurricane, which, needless to say was entirely unexpected. Then there's the Boston Elevated deficit which the Taxpayers' association predicts will be greater this year than the 1937 peak; Arlington must pay its share of the deficit. Lastly, the fact that several WPA workers have been placed on Old Age Assistance rolls, means an increased appropriation will be necessary for that department this year. These are certainly sufficient reasons for economy.

Government spending at the expense of the taxpayers seems to have been most popular in recent years. Witness the enormous deficits accumulating in the Federal government, indicating to what extent office holders have gone in plunging us into debt. The spending spree cannot last forever. Every taxpayer must pay his share. If this tendency is continued, it will bring about a condition which will be beyond remedy. Therefore the earnest desire of the Arlington Taxpayers' association to effect economy in our local government without impairment of any really essential service should be welcomed as an attempt to help reduce everybody's tax bill.

### EDUCATION CLASSES FOR ADULTS

Encouraged by the success of the evening classes in adult education which it has sponsored in recent years, the Arlington Woman's Club has again taken upon itself to offer similar courses this year. This year's classes will be held at the senior high school every Monday and Thursday evening beginning January 23 for a period of six weeks.

The club's education committee, headed by Mrs. M. Norcross Stratton, is to be congratulated upon the capable instructors secured for these classes and the variety of subjects which will be taught adults who seek to better themselves. Arlington is indeed fortunate in having among its public spirited citizens, instructors who have volunteered their services for these interesting and worthwhile courses.

The people of Arlington have shown their appreciation of the opportunity offered by the Woman's Club in past years and there is every reason to believe that this year will be no exception.

## The NEWS OBSERVES

Following a spirited appeal by Governor Saltonstall, that they remember the "women and children" dependent upon their services, Boston's striking truck drivers voted to return to work Wednesday afternoon.

The strike which cost New England a million dollars and created the most serious labor crisis here in twenty years has had far reaching effect in many industries.

Arlington experienced no violence because of the strike. Local police however were called on as recently as Tuesday when it was reported that men were molesting truck drivers on the Cambridge-Concord turnpike near Pleasant street.

The agreement which started trucks moving again, in substance, provides for a \$2 increase to the drivers for a 48-hour week with a minimum wage of \$34 and a maximum of \$39 for a 48-hour week. Acceptance of the agreement was urged by John M. Sullivan, president of Local 25.

A series of most amazing petty thefts took the attention of local police this week. On Wednesday, it was reported that a boy's new bicycle was stolen from a garage at 186 Seitate street. A girl's old bicycle was left in its place by the thief. From 25 Sunnyside avenue, a \$25 welding outfit was reported stolen. To cap the climax a \$5.50 sweater was stolen from a dog.

It is interesting to note that the Massachusetts Fruit Growers association, representing 600 organized growers in all sections of the state, has urged its members to do "all in your power" to defeat the Patman chain store "death sentence" bill and any similar legislation "so patently and unjustly aimed at a particular group."

Declaring that farmers and public alike would suffer from the effects of such a tax, the organization's delegates, assembled for their annual business meeting, in Worcester, approved a resolution recording themselves as "strongly opposed" to the "so-called Patman Bill No. 1 as presented, which proposes to levy prohibitive and discriminatory taxes on chain stores."

Rev. Grady D. Feagan, Ph.D., of the First Baptist church was enthusiastically received as preacher during the New Year Fellowship Week in Allston-Brighton. Nine churches joined in union services at which Rev. Mr. Feagan was speaker, the closing service coming last Sunday evening.

### Deficit in Welfare Council Because of Unfulfilled Pledges

A \$600 deficit for 1938 was disclosed at the annual meeting of the Welfare Council Friday, at the Town Hall. Delegates from the various churches and member organizations were told that the cause of the deficit were unavoidable.

"Pledges to the Community Chest in many instances were not fulfilled, so we did not have the funds to work with we expected," said Mrs. Roscoe R. Perry, President of the Council. "There was, however, no falling off in demands upon the Council's activity," Mrs. Perry continued. "And how is it possible to put a cost accounting on human needs?"

"This situation is of course a direct result of the failure of the people of Arlington to meet its Community Chest quota. The Welfare Council had a definite duty to perform as the private family agency of the town and when people were cold and hungry through no fault of their own, there was no denying it although our books were not going to balance on December 31. Perhaps we can absorb this deficit incurred in November and December during the summer months," Mrs. Perry further reported.

The need for a Council of the social agencies in Arlington was brought out and it was voted that a meeting calling together agents of these organizations be held in the near future.

Serious thought was given to the changing of the name "Welfare Council" because of the great amount of confusion concerning public welfare and welfare council. It was suggested a return to the old name, Associated Charities.

## Chain Store Drive Pours Riches Into Northeastern Area

One million dollars a day was poured into the pockets of New England's farmers and factory workers during the recent 10-day New England Days drive, according to Arthur H. Rogow, chairman of the Chain Store Committee for New England Prosperity.

He said the campaign set the pace for prosperity in the six Northeastern states, and pointed the way to similar benefits for other sections of the country.

"Purchases of the products of New England's agriculture and manufacturing by chain stores in that area totaled well over \$10,000,000 for the ten-day period," Rogow said. "From November third to thirteenth, nine chain store organizations joined in an intensive advertising and merchandising drive that put men back on the payrolls of our industrial plants and materially increased the distribution of farm products."

According to a preliminary report issued by Rogow, the New England Days drive proved so successful that a permanent committee of farmers, manufacturers, consumers and retailers has been organized to consolidate the gains and establish the policy of increasing prosperity by special merchandising campaigns as a permanent feature of New England economic life.

"Benefits to consumers, through the savings effected during the drive, maintenance of prices to farmers and increasing employment among factory workers, indicate that the campaign might well be studied by groups in other sections of the country as a clue to increased prosperity in their own areas," Rogow said.

The New England chain stores embarked on their intensive promotion of New England farm products and "Made in New England" merchandise in response to an appeal issued by the New England Council.

Stating that "New England is a land with a real fight on its hands," Dudley Harmon, executive vice president of the New England Council called upon all all participants in the economic life of the Northeast to cooperate in the development of "more aggressive methods of merchandising to emphasize the value of the New England hallmark."

Among the chains sponsoring the campaign were: Sears, Roebuck & Co., Great Atlantic & Pacific Tea Co., First National Stores, W. T. Grant Co.

## CHURCHES OF CHRIST SCIENTIST

"Life" is the subject of the Lesson-Sermon which will be read in Churches of Christ, Scientist, throughout the world, on Sunday, January 15.

The Golden Text is: "In the way of righteousness is life; and in the pathway thereof there is no death" (Proverbs 12:18).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Lord, thou hast been our dwelling place in all generations. Before the mountains were brought forth, or ever thou hadst formed the earth and the world, even from everlasting to everlasting, thou art God. . . . For a thousand years in thy sight are but as yesterday when it is past, and as a watch in the night" (Psalms 90:1, 2, 4).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, Science and Health with Key to the Scriptures, by Mary Baker Eddy: "Life is without beginning and without end. Eternity, not time, expresses the thought of Life, and time is no part of eternity. One ceases in proportion as the other is recognized. Time is finite; eternity is forever infinite" (p. 468).

## "DEATH AND THE MAIDEN"

a vivid, new novel of young love and evil mystery in a co-ed college, begins in the American Weekly Magazine with the January 15th BOSTON SUNDAY ADVERTISER.

Fifty separate gardens, arranged to form a colorful, harmonious whole, covering five acres, are to constitute "Gardens on Parade" at the New York World's Fair 1939.

## PLANS FOR A. H. S. FOOTBALL BANQUET ARE CANCELLED

At a special meeting, this week, the enlarged Citizens Athletic committee voted to withdraw plans for a testimonial banquet to the Arlington High School football squad, which was scheduled for sometime this month.

This decision of the committee was due to the action of the members of the Athletic Council in proposing the possibility of an athletic night and banquet for the benefit of all major team squads of the high school.

George A. Harris, chairman of the committee, expressed the views of the committee as follows: "First, it being understood by the committee that the Athletic Council, in good faith, is considering

the advisability of a suitable testimonial dinner to all major squads of the high school, late in the Spring, and

"Secondly, rather than cause any desirable friction between the Council and the committee, due to the fine and wise decision of the Council in regard to the sweaters, and

"Furthermore, the spontaneous support offered the original committee by practically all the civic and fraternal organizations of Arlington, to back the proposition of sweaters and a banquet for the boys, leads the enlarged committee to believe the Council will adequately make plans for the entire school major team squads, and

"Therefore, the committee voted unanimously to leave the matter in the hands of the Council and, if the Council so desires, to support and assist them in carrying out their plans in the late Spring.

"To those who have assisted this committee by their very fine moral support, to the merchants of Arlington for their offers of aid, and to the individual citizens who have contacted the committee offering their help, we are most grateful. It is indeed a grand town when all parties show such an interest in getting together to promote a civic project such as this."

## Hardy's Stand Backed by Long

The following is a copy of an unsolicited letter from Hon. Henry F. Long, the Commissioner of Corporations and Taxation of Massachusetts, under whom the Town and City Collectors and Treasurers pursue their duties, addressed to Town Treasurer Charles A. Hardy who recently definitely announced his intentions of seeking re-election in March:

"Dear Mr. Hardy:

"The reason I sent Bulletin No. 12, (December 15) was to call to attention exactly what you found. As I understand it, it is clear that you can run, and I am deeply sorry that so many have taken the other view and have retired. Age so far as the calendar is concerned should not motivate against the community getting the best of service, and I think the suggestion you make of continuing is by all odds the best.

With every good wish,  
Cordially yours,  
Henry F. Long,  
Commissioner of Corporations and Taxation

## Close Battles Seen In Basketball League

Some very close battles marked the week's progress in the Arlington Basketball League, sponsored by the local Adult Recreation Project.

At Junior High East, the Panthers, led by Frankie Oliverio, staged a see-saw game with Bill Lyons' All Stars. The winner was in doubt all during the game and it was only a last second basket by Oliverio that finally gave the Panthers the victory. The score was Panthers 29, All Stars 28.

Another Junior close game at the Junior High East was that between the Boys' Club Team and the fast moving Mohawks. The boys from the West fought hard but were unable to overcome a four point lead taken by the Boys' Club in the first half and went down to defeat by the score of 32 to 28. The playing of Burke and Saunders for the Boys' Club and Busa and Roper of the Mohawks featured.

At the Junior High West the Forest A. C. added by some slick shooting by Laird, pinned a decisive defeat on the Boys' Club Jrs. The score, Forest A. C. 50, Boys' Club Jrs. 39.

At the Junior High West also the Forest A. C. scored a ding-dong defeat over the stubbornly fighting Purple Invader quintet by the score of 55 to 41.

## Edw. T. Ryan Pledges Efficiency If Elected To Public Works Board

Edward T. Ryan, of 132 Wildwood avenue, former member of the board of public works and candidate for that office, issued the following statement this week:

"In announcing my candidacy for re-election to the Board of Public Works, I firmly believe that a public office is a public trust and should be treated as such.

"In three years as your public servant, I was never late or absent from a single meeting of either board. I feel that a person seeking public office should have a general knowledge of the office he seeks. Every business man knows there is more loss by inexperience than by direct graft.

"If re-elected I will restore efficiency and morale in the department. Buying surplus materials to store in the Town yard or buildings is bad practice. Costly and inexperienced snow removal must be remedied. Bumpy horse, borrowed horse method of sidewalk plowing needs attention. Out-of-town trucks hired for snow removal, instead of standing on side streets or running up and down the avenue, can be dispensed with, and the money saved used for sand and labor on our icy streets and walks.

"Time clocks and Town seals on ash and garbage trucks are a waste of the taxpayers' money; experimenting with paper on composition water pipe must be discouraged. Our water supply flows through a master meter and must be paid for.

"Favoritism in truck hire must be investigated. Some men can get six and seven days a week, while others can't get a day's work. These, and other abuses which make a high tax rate, with the aid of tax conscious voters, can be stopped."

## Stocks Replenished in Stop and Shop Markets As Strike Is Settled

The local trucking situation of the past few days has been alleviated and the transportation question has been settled.

In a moment's time things began to hum in all sections where serious situations had arisen. A typical example of excellence in rapid transit was the Stop and Shop quick shipping of merchandise to all their stores. At the time of the break in the strike, trucks sped away from the Stop and Shop warehouses to their various destinations.

Carloads of foods were rushed to the warehouse and foods were shipped in amazing rapidity. Crews worked day and night to get all the Stop and Shop super markets in their usual excellent conditions.

All the foods, from Government Inspected Meats, Dairy products, and nationally advertised foods were all extra inspected because of the unusual situation. Local trucks made hourly trips from nearby farms, well laden with garden fresh fruits and vegetables for the thousands of Stop and Shop customers.

The Stop and Shop manager at 479 Mass. Ave., Arlington said: "All that is possible to do has been done to have this Stop and Shop in readiness for the influx of business I expect to get in the next few days."

## Sarasuky In Royal's Lineup Saturday Night

Tomorrow evening (Saturday) at the High School auditorium, the Arlington Royals Basketball Club will go after their eighth win of the season opposing the strong Cambridge Y.M.C.A. team. The Royals boast a record of winning all of their six games to date and whose opponents were some of the fastest clubs in the state.

A feature of great importance to Arlington fans has been the acquisition of Tony Sarasuky, who will don a Royals uniform, and display his superior talent on the high school floor. Sarasuky, while in high school earned four letters yearly for his achievements on the athletic field. He was graduated an honor student, and went on to continue his studies and athletic ability at Fordham College.

Tony completed a brilliant career while in college, and as a senior was at his greatest. He appeared in the eyes of professional football scouts, and upon graduation from Fordham, was signed to a contract by the New York Giants. Tony carried on for two years with the Giants, and then retired to take over the coaching duties of a professional team in New Jersey.
